INVICORATING CORDIAL

TOR GENITAL BEHLLTY, IMPOTENCY, INCONTINENCE, OR NOCTURNAL EMISSIONS, &c.—The astonishing success which has attended this invaluable medicine, for Loss of Muscular Energy, Physical Lassitude, and
General Prostration, or any of the consequences of youthful
indiscretion, or indulgence of the passion in riper years, renders it the most valuable preparation ever discovered.
In fact, as a remedy for the above complaints, it stands unrivalled and alone. There is no other reliable remedy, or
any that has authentically received the sanction of the
Medical Faculty. The Wondersvill Vegetable ProDUCTION of which this mediche is composed has been
tested, and its virtues proclaimed, by the highest names of
the faculty of London, Paris, and the chief cities of Europe,
as well as by eminent Physicians in tilis country. It is the
only infallible remedy for NERVOUS, HEAD, and MIND
COMPLAINTS—the mental physic so long sought for and
nover before found—the only agent that can administer to
MIND DISCASES. It will remove all nervous affections,
DEPLESSION, ENCITEMENT, inexpacity to study or business, less of MEMORY, CONFUSION, thoughts of selfdestruction, fear of insanity, &c., It will restore the appetite, renew the health of those who have destroyed it by
Sensual Excesses or svil practices. It has been said by
some that these disorders, emissions, &c., were incurable.

and is constantly curing, these complaints—relieving the mental and bodily incapacity of the unfortunits sufferer, as the following testimony of the names received will conclusively show:

Dr. Woodward, of —, Massachusetts Insane Hospital, writes of one of his patients being cured by using this Cerdial thus: "It gives me pleasure to inform you that one of my patients, while in Boston, precured some of your Cordial. He tells me that he has not had a single emission since he commenced taking it, while before he had two or three a week. When he applied to me," says Dr. W., "I thought it hardly pessible for him ever to regain his full strength. I prescribed the usual medicine used in those cases in the hospital, but they had no effect. In the mean time he purchased some of your Cordial, which has effected cure I am sure no other medicine would. I shall ever recommend it, whenever an opportunity occurs."

The nature of the malalies relieved by this Cordial are generally such as to leave the publication of certificates of cures out of the question. The proprietor could produce a host of the most conclusive testimeny to show that the great reputation it enjoys was not accidentally obtained, but is firmly based upon its pestitive and apperently miraculous virtues. In all directions are to be found the happy parents of healthy offsprings, who would not have been so but for many diseases for which it is recommended.

It has, in many violent and desperate cases, effected radical cures, after patients had been abandened, and their condition pronounced hopeless by medical practitisners of high professional character.

THE COMMON EXPRESSION of those who have used this Extract is: "I had heard your Cordial highly spoken of, but was one of the incredulous in regard to its merits, having tried various medicines sold for the same purpose, (different Sarsaparillas,) without deriving any benefit. I had almost given up all hope of obtaining relief, when I purchased some of your Cordial. I had no faith whatever of its benefiting me—but thes. I feel stronger, have had no emissions since, although it is not three weeks. I am satisfied that the half a dozen bottles I took will curse me."

Another says: "I had consulted several distinguished physicians. Some said I could not be cured; others prescribed this thing and that; but I found no relief until I procured some of your Gordial. I must say it completely cured me."

Another says: "I was surprised at the effect your Cordial
had. Why had I not heard of it before? It would have

saved me so much expense, besides years of mental and bodily suffering."
CAUTION.—Ask for Dr. Morze's Cordial, and take no other, as there are worthless imitations which its unrivalled excellence, fame, and popularity have brought into the market. It will not hurt the most delicate female, but do good. Beware of all other Cordials, &c., and try only this.

Weakness, Loss of Organic Powers, Pains in the Loins, Disease of the Kidneys, Affections of the Head, Throat, Nose and Skin, Constitutional Debility, and all those horris affections arising from a Certain Secret Habit of Youth, that solitary practice, more fatal to its victims than the song of the Syrens to the mariners of Ulysses—blighting their most brilliant hopes or anticipations, rendering Marriage, etc., impossible.

A CURE WARRANTED, OR NO CHARGE.

Impossible.

Young Men especially, who have become the victims of Solitary Fice, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of young men of the most exalted talents and brilliant intellect, who might otherwise have entranced listening Senates with the thunders of elequence, or waked to ecstacy the living lyre, may sell with foll confidence.

Married persons, or those contemplating marriage, being aware of physical weakness, should immediately consult Dr. J., and be restored to perfect health.

DR. JOHNSTON,

Member of the Royal College of Surgeons, London, Graduate from one of the sucst sminent Colleges of the United States, and the greater part of whose life has been spent in the Hospitals of London, Paris, Philadelphia, and elsewhere, has effected some of the most astonishing cures that were ever known. Many troubled with ringing in the ears and head when asleep, great nervousness, being alarmed at sudden sounds, and oashfulness, with frequent blushing, attended sometimes with derangement of mind, were cured immediately.

Takke Particular Notice.

Dr. J. addresses all those who have injured themselves by private and improper indulgences, that secret and solidary habit, which ruis both body and mind, unfitting them for other business or society.

These are some of the sad and are all the sad and and are some of the sad and are said and are some of the sad and are some of the sad and are said and are said and are some of the sad and are said are said and are said are said and are said are said and are said and are said are said and are said are said are said are said and are said and are said are said are said are said are said and are said are sai

habit, which ruin both body and mind, unfitting them for either business or society.

These are some of the sad and metancholy effects produced by sarly habits of youth, viz: Weakness of the Back and Limbs, Pains in the Head, Binness of Sight, Loss of Muscular Power, Palpitation of the Heart, Dyspepsia, Nerrous Irritability, Derangement of the Digestive Functions, General Debility, Symptoms of Consumption. &c., &c.

Mentally.—The fearful effects on the mind are much to be dreaded. Loss of Memory, Confusion of Ideas, Depression of Spirits, Evil Forebodings, Aversion of Society, Self Distruct, Love of Solitude, Timidity, &c., are some of the evils produced.

NERVOUS DEBILITY.

Love of Solitude, Timidity, &c., are some of the evils produced.

NERVOUS DEBILITY.

Weakness of the system, Nervous Debility and premature decay generally arise from the destructive habit of youth, that solitary practice se fatal to the healthful existence of man, and it is the young who are most apt to become its Victims, from an ignorance of the dangers to which they subject themselves. Parents and Guardians are often misled with respect to the cause or source of disease in their sons and wards. Alas! how often do they aseribe to other causes the wasting of the frame, Palpitation of the Heart, Dyspepsia, Indigestion, derangement of the Nervous System, Cough, and Symptoms of Consumption; also those serious Mental effects, such as loss of Memory, Depression of Spirits, or peculiar fits of Melancholy, when the truth is, they have been caused by indulging in Pernicious but alluring practices, destructive to both Rody and Mind. Thus are swept from existence thousands who might have been of use to their Country, a pleasure to their friends, and ornaments to Society.

DR. JOHNSTON'S INVIGORATING REMEDY FOR OR-GANIC WEAKNESS.

GANIC WEAKNESS.

This grand and important Remedy has restored strength and vigor to thousands of the most deblitated individuals, many who had lost all hopes, and been abandoned to die. By its complete invigoration of the Nervous System, the whole faculties become restored to their proper power and functions, and the failen fabric of life is raised up to beauty, consistency and duration, upon the ruins of an emaciated in Jaremature decline, to sound and pristine health. Oh, the supply have hundreds of misguided youths been made, who have been suddenly restored to health from the devastations of those terrific misladies which result from indiscretion! Such persons, before contemplating

MARRIAGE, should reflect that a sound mind and bedy are the most necessary requisites to promote connubial happiness. Indeed, without this, the journey through life becomes a weary pilgrimage; the prospect hourly darkens to the view; the mind becomes shadowed with despair, and filled with the melancholy reflection that the happiness of another becomes blighted with our own. Let no false delicasy prevent you, but apply immediately.

TAKE NOTICE.

It is with the greatest reluctance that Dr. Johnston permits his card to appear before the public, deeming it unprofessional for a physician to advertise; but unless he did so, the afflicted, especially strangers, could not fell to fall into the hands of those imprudent, boasting impostors—individuals destitute of knowledge, name, and character, redistrauals destitute of knowledge, name, and character—pedlars, shoemakers, meehanics, &o., advertising themselves as physicians; ignorant quacks, who keep you trifling month after month, as long as possible, and in despair leave you with ruined health to sigh over your galling disappointment. It is this motive alone that induces Dr. J. to advertise, for he alone can care you. To those unacquainted with his reputation he deems it necessary to say, that his credentials or diplomas always hang in his Office.
